

Panzer Dragoon Saga is shaping up to be one of the greatest Saturn games ever! Its awesome combination of action and adventuring (plus the best graphics ever!) makes it the BIG game for 1998! RICH LEADBETTER continues the coverage...

**MIND-BLOWING!**

It's now six weeks since the arrival of the Japanese final version of Panzer Dragoon Saga. Last month I was blown away by Team Andromeda's accomplishments. My senses were sent packing by the most incredible graphics I think I've ever seen the Saturn produce... my mind was immersed in a truly epic adventure that could well qualify this superb game as the best adventure I've ever had the pleasure of experiencing!

Six weeks on and the pleasure has not diminished! This game is just so cool to play - regardless of the Japanese text which makes the plot itself pretty incomprehensible - I can state categorically right now that you aren't going to be disappointed with this epochal videogame. It's gonna be a classic!

The coverage in SEGA SATURN MAGAZINE continues! This issue we deal with the complex fighting system and continue the adventure through to the conclusion of Disc Two (there are four in all!). We'll conclude the preview next issue (when we should hopefully get a finished English language version) and then it's review time. Ready yourself for a massive score: this game is just amazing!
